STATEMENT OF PROBABLE CAUSE

(For issuance of an arrest warrant or summons)

I state that on 01/30/2022 while exercising my duties as a law enforcement officer in the Eastern District of CA

Pursuant to 16USC 551: I state that on January 30, 2022, while exercising my duties as a law enforcement officer in the Eastern District of California, Sierra National Forest, I was conducting a marked vehicle patrol on the High Sierra Ranger District on Trimmer Springs Road. Five other US Forest Service (USFS) Law Enforcement Officers (LEOs), a USFS police K9, and myself were attempting to locate a subject named John Scott MCCOMBS to investigate possible violations of residing on National Forest lands, and to arrest MCCOMBS for a state warrant.

LEOs and I were able to locate MCCOMBS at the "cellphone site" on Trimmer Springs Road. Once contacted, I ordered MCCOMBS out of his vehicle and I placed MCCOMBS under arrest. During the Search Incident to Arrest, while coming up from a squatting position, MCCOMBS resisted and deliberately hindered my lawful arrest by grabbing my service weapon. Once MCCOMBS gripped my weapon a physical altercation ensued. Multiple LEOs, the USFS police K9 and myself eventually detained MCCOMBS on the ground. He was evaluated and treated for minor injuries and a K9 bite by EMS after this altercation.

During the vehicle inventory and search incident to arrest several items of narcotics were located within MCCOMBS vehicle. These items included marijuana, marijuana paraphernalia, suspected phycobilin mushrooms and prescription pills inside unlabeled containers and plastic baggies.

Once the Search Incident to Arrest and vehicle inventory were completed, I issued violation notice F02B0002 to MCCOMBS for Title 36 CFR 261.3 (a) Resisting a forest officer engaged in his official duties in the protection, improvement, or administration of the National Forest System. MCCOMBS was also issued a Violation Notice Title 21 USC 844 Possession of simple narcotics. MCCOMBS refused to sign both the violation notices.
